albie's

We're Albie's, and we bake small-batch, flavor-packed food that kids love.

Flavor leads the way in all that we do, so you can count on our baked goods to be full of filling and full of taste. And they're made in small quantities by a tight-knit team who cares about keeping kids' bellies full—a lot of love goes into these goodies!

Our peanut and tree nut-free products are made in our nut-free facility. We use Wowbutter instead, a peanut butter replacement made of roasted soy butter that tastes just like the real thing.

Plus, all of our products are available individually packaged, making them both safe and convenient for schools.

Our sandwiches are made with Wowbutter, a delicious peanut/tree nut-free butter alternative.

Grape Jelly
EZ Jammer with crust

Grape Jelly
EZ Jammer crustless

ez jammers

The prevalence of childhood peanut & tree nut allergies has more than tripled between 1997 and 2008. One in 13 kids—roughly 1 in every classroom—has a food allergy, with peanut and tree nut allergies as a prominent allergy. Seven out of 10 kids choose our EZ Jammer sandwiches over our competition because of the natural, creamy flavor profile that Wowbutter delivers. Whether it's for breakfast, lunch, or an after-school snack, our EZ Jammer sandwiches are the ultimate solution.

Available Products

Our facility.

Albie's 30,000 sq. ft. facility in Gaylord, Michigan, provides a completely nut-free environment. Our team is 55 members strong, each helping form a community of people who love using efficient methods (including robots!) to make delicious, high-quality food for kids.

We are SQF Level 2 certified, HACCP certified through the USDA, and FSMA certified with PCQI-trained individuals.

"The apple sticks are a great and quick menu option. Having a peanut-free facility makes everything much easier on us all. Students love the Wowbutter."
