

ONLINE PREORDERING

Get Online Preordering & the New Student Connect App from TITAN to Enjoy Contactless Serving from Beginning to End

NEW
FEATURES

Arriving in time for the 2020-2021 school year, the nation's fastest growing school nutrition management solutions provider proudly introduces the most flexible, comprehensive, and user-friendly preordering technology in the industry.

You'll find all the resources you need to operate smoothly and successfully under any re-opening plan. TITAN's superior technology and support:

- ✓ **Meets your students where they are**
Preorder from your Smartphone or Chromebook. TITAN's Platform is app based for anytime, anywhere access, and real-time insights.
- ✓ **Provides real-time data**
As always with TITAN, all of our platforms and data operate in 100% real-time. Report on orders the second they are placed. Menu changes update to the app instantly. Make your decisions based on the data of now, not an hour ago.
- ✓ **Builds to fit your district**
 - Define custom pick up locations
 - Assign preordering cut off times
 - Order for tomorrow or a week or more in advance
- ✓ **Includes scanner-ready digital identification**
The TITAN Student Connect App comes equipped with a student ID and barcode for contactless serving.

- ✓ **Works with what you already have**
New to TITAN? If you already have TITAN Menu Planning, Preordering operates as a standalone solution. Easy menu creation, a simplified ordering app, and real-time reporting combine to create the perfect addition to your current platforms.

Already a TITAN customer? Preordering seamlessly integrates with your existing menu plans and production records so preordering will always be up to date. You can also process your preorders at the POS with one click.
