K-12 Overview

Help students make the most of their day

Growing minds need the right foods to perform their best. That's why we offer exciting K-12 products with all the nutritional benefits students need to succeed, plus the flavors they crave.

Our Papetti's® portfolio of CN-labeled K-12 products is extensive—from whole grain options to individually wrapped items for healthy meals on the go. Explore them all in this brochure, and discover the many ways *Papetti's* products conveniently deliver nutrition and great taste in every bite.

Kids who eat breakfast each day:

- Increase participation both at school breakfast and lunch – with popular grab-n-go, mobile, transportable options for students of all ages
- The affordability of eggs allows more menu flexibility. One large egg credits as 2 meat/meat alternates on school menus – at a low cost per serving
- Eggs provide versatile vegetarian and gluten-free options. Offering your students delicious options that serve their unique dietary needs enables more of them to eat in your cafeteria rather than bring meals from home. With more students seeking vegetarian and gluten-free options, eggs offer more choices!

Eggs in School Meals, American Egg Board, 2019
<https://www.aeb.org/eggs-in-schools/schools/egg-nutrition/eggs-in-school-meals>

K-12 Overview

Good for you. Even better for them.

With our K-12 products, you'll feel good knowing you're meeting today's complex school regulations with all the good things that fuel a successful day:

- Whole Grains
- Protein
- Vitamins & Minerals

And some points for **extra credit**:

- All items are trans fat free
- No high-fructose corn syrup added
- Contain favorable sodium and calorie levels

All of our Papetti's® K-12 products are regulation ready and deliver the taste kids demand. Incredible variety, versatility, and value make it simple for you to create menus for your school program that are memorable and nutritious.

Eggs are more cost effective

than other proteins, so by turning your entitlement dollars into commodity eggs, you get more for your money!

Children who eat a complete breakfast

have been shown to work faster and make fewer mistakes in math problems, and perform better on vocabulary tests.

Healthy Food Choices in Schools, March 2016

Precooked Refrigerated Scrambled Eggs

Fully cooked and packaged in 1.85 lb bags, our precooked refrigerated scrambled eggs take the hassle, stress and mess out of serving eggs. Ready in just minutes, they are the protein-packed breakfast solution kids need to stay full and focused throughout the day.

No cracking, no mixing, no scrambling, no waste!

Papetti's Fully Cooked Refrigerated Scrambled Eggs are the perfect ingredient for speed scratch preparation. Use them in your builds for endless student friendly options from breakfast wraps, bowls and casseroles to pizza and sandwiches. Easier than ever with quick prep and no stress over food safety!

- Breakfast Bowls are one of the fastest growing platforms on menus so you can be sure kids will be excited to see them on your menu!
- Breakfast Burritos and wraps are an easy handheld meal, offering an ideal portable solution for breakfast kiosks or breakfast in the classroom.
