Based on the final ruling published in 2018, only half of the weekly grains offered in the NSLP and SBP need to meet the whole grain-rich criteria, while the remaining grain items offered must be enriched. With this new ruling, other Mondelēz International products may be added to your school menu as another snack offering. For more information on our additional products—including OREO Cookies, RITZ Crackers and more—or for more information on the products listed above, please contact Karen Christopher at Karen.Christopher@mdlz.com.
