

OUR MISSION AND PURPOSE

As the signature nutrition operation of the PepsiCo Foundation, Food for Good (FPG) **tackles child hunger** by making healthy food more physically and financially accessible for low-income families.

We are using PepsiCo's expertise in taste, nutrition, and distribution – as owners of the country's largest "food-moving fleet" – to reach underserved families.

SOLUTIONS FOR EVERYONE

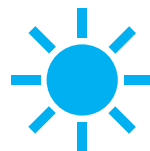

Food for Good offers a wide range of meal solutions to ensure children have access to nutritious meals no matter where they are or the time of the year. We collaborate with a wide range of partners, including the U.S. Department of Agriculture (USDA), Share Our Strength, community-level partners nationwide and many others to address food insecurity in vulnerable communities.

School Day Meals

Weekend "Backpack" Bundles

Summer & After School Programs

Emergency Meals

TACKLING HUNGER TOGETHER

Food for Good will work with you to customize a solution based on **your district's individual needs**, including direct home delivery. All Food for Good meals meet USDA nutritional standards so you can be sure when you place an order with us, your meal will qualify for reimbursement. Food for Good is here to help you reach more kids each year because every child deserves to thrive.

Connect

Connect with your Regional FFG Manager to discuss your unique needs

Collaborate
